Overview

Established in 1973, Methodist Hospital is a full-service community hospital committed to providing excellence in health care for residents living in Sacramento's southern suburbs, including Laguna, Elk Grove and Galt. For additional information about Methodist Hospital, please visit us at methodistsacramento.org. Methodist Hospital is part of Dignity Health- a 21-state network of 9,000 physicians, 59,000 employees and more than 400 care centers, including hospitals, urgent and occupational care, imaging centers, home health and primary care clinics. In the Sacramento area, Dignity Health operates Mercy General Hospital, Mercy Hospital of Folsom, Mercy San Juan Medical Center, Methodist Hospital, Sierra Nevada Memorial Hospital, Woodland Memorial Hospital and Mercy Medical Group (a service of Dignity Health Medical Foundation). Dignity Health is committed to delivering compassionate, high-quality, affordable health care services with special attention to the poor and underserved.

Responsibilities

Position Summary:

The Registered Nurse provides, coordinates and directs care to individuals and families using a holistic approach. The nursing process is used as a structured mechanism for critical thinking and problem solving in providing effective and appropriate care within a safe and confidential environment from admission to discharge. Each RN is responsible for collaborating with members of the healthcare team, providing leadership, personal/professional development, and conducting him/herself professionally.

This position shall demonstrate behaviors consistent with the core (Mercy) values in support with Methodist Hospital and the Mission and Philosophy of Dignity Health.

Qualifications

Minimum Qualifications:

- Current California RN license required
- One (1) year of experience as an RN in the Emergency Room, or a related field of nursing, required
- New graduates must obtain PALS and ACLS certifications within six (6) months of hire date (must be certified through the American Heart Association)
- Current BLS, PALS and ACLS certifications required (must be certified through the American Heart Association)

Preferred Qualifications:

- Two (2) years of experience as an RN in the Emergency Room, or related field of nursing, preferred
- Current MICN, ENPC, TNCC and CEN certifications preferred
